

MONUMENTS

33. The Cemetery reserves the right to determine the maximum size of monuments, their number and their location on each lot. The maximum size monument on a two grave lot is .091 m (3') in height and 1.1 m (3' 6") in width. Up to two footstones may also be installed on a two grave lot.
34. The maximum size monument permitted on designated single lots is .75 cm (30") in height and .60 cm (24") in width. The maximum size monument on a cremation lot is .61 cm (24") in height and .61 cm (24") in width.
35. The minimum thickness of a die must be 20.32 cm (8").
36. Upright monuments on single, or cremation lots, are permitted in designated areas pending approval, for maintenance purposes, from the Superintendent.
37. All monuments must be set on a pre-cast foundation as provided at a set price by the Cemetery. Prices may be obtained at the office. All foundations will be installed in the proper location by Cemetery staff at the expense of the Interment Rights Holder. Installation will not take place between December 1st and April 1st.
38. There shall not be a variance of more than 1.27 cm (½") in the size of the base required as stated on the work order and the size of the monument when delivered.

39. All monuments must be able to withstand a minimum of 100 lb. of horizontal force, applied anywhere on the monument, without toppling. This must be achieved in the dry mode (no caulking).
40. Dowels must be made of minimum 127 mm (½") stainless steel. The hole depth must be a minimum of 7.62 cm (3 ") deep and no more than 32 mm (1/8") larger in diameter than the diameter of the dowel in both die and base.
41. The die stones must be installed on a granite base. The height of the base shall be minimum of 20.3 cm (8 "). The top surface of the base must be both wider and longer than the die in order to provide a minimum border of 7.6 cm (3 ") of the surface of the base exposed on all sides. Bottoms of the base shall be smooth sawn.
42. Unless adjoining lots are owned, both sides of the stone cannot be used.
43. All photographs attached to any memorials or placed within the Cemetery grounds shall be the sole responsibility of the owner.

MARKERS

44. In designated sections, white granite cornerposts measuring 15.24 cm (6") square by 7.62 cm (3") in depth dressed on all sides bearing the Interment Rights Holder name, section and lot number(s) may be purchased to have installed flush with the ground at the lot corners.
45. All flat or pillow markers set on a granite base must be set on a foundation as provided by the Cemetery at the expense of the Interment Rights Holder.
46. Markers will be accepted for installation during regular working hours. If weather and ground conditions permit, installations will be made within 30 days after acceptance.
47. Markers will not be accepted from any monument dealer for storage during the winter months.
48. Markers or Footstones of bronze, granite or marble are permitted with size and quantity restrictions according to the section of the Cemetery and the regulations deemed necessary as per the size of lot in that section. Its placement must not interfere with future interments.

Single lot (maximum) 45.72 cm x 60.96 cm (18" x 24")

Double lot (maximum) 45.72 cm x 81.28 cm (18" x 32") Cremation lot – Section I and II (maximum) 30.5 cm x 50.8 cm (12" x 20") Cremation lot – Section U (maximum) 45.72 cm x 60.96 cm (18" x 24")

49. Flat markers are to be flat on top and set level with the ground so that a lawnmower can pass safely over them and shall be set by Cemetery staff, at the expense of the Interment Rights Holder, on payment of the fee provided in the Price List.
50. One footstone may be placed at each grave in addition to the flat marker and shall not exceed 42.60 cm x 60.96 cm (16" x 24"). The footstone may only be placed after full interment.
51. The minimum thickness for all flat markers including footstones is 10 cm (4 ").
52. All markers shall be constructed of bronze, granite or marble. The bottom bed of all bases and markers shall be cut level and true.
53. One flat marker may be installed per grave on a monument lot to a maximum of 61 x 45.72 or 18 x 24" only after a proposed casket burial has taken place. Cremation lot excluded.

RULES FOR MONUMENT DEALERS, VAULT SUPPLIERS AND CONTRACTORS

54. No monument or marker will be delivered to the Cemetery without previous approval of style and dimensions from the Superintendent.
55. All work done by outside contractors or monument dealers must be completed between the hours of 7:30 a.m. and 4:00 p.m. Monday through Friday. No work is permitted on statutory holidays. A supervision fee will be charged by the Cemetery for work done outside the set timeframe.
56. If the Superintendent discovers monuments or markers that have been placed on lots outside the prescribed hours a charge will be issued to the dealer.
57. Prior to installation, all monuments and markers must meet final inspection at the Cemetery office.
58. Monument dealers must state on each order the date they wish foundations ready and must give at least fifteen working days notice before the work is required.
59. No monument or marker will be delivered to the Cemetery until the foundation is in place and the contractor is ready to proceed with the work of installation.
60. No monument or marker will be removed without written permission from the Superintendent.
61. All companies who carry out work in the Cemetery shall have coverage from the Workplace Safety and Insurance Board for their workers as well as sufficient liability insurance.

62. Vault trucks, monument dealers and contractors shall lay planks on the lots and paths over which heavy materials are to be moved, in order to protect the grounds from damage. Any of the above may be charged for damages suffered to the grounds due to neglect on their part.
63. The demeanour and behaviour of all workers employed by others while in the Cemetery shall be subject to the control of the Superintendent.
64. Workers shall cease work, if in the immediate vicinity of a funeral, until the conclusion of the service.
65. Heavy loads shall not be permitted in the Cemetery when the roads are in unfit condition.
66. No monument dealer or vault truck shall park on the grass unless otherwise directed to do so by the Superintendent.
67. All implements and materials used in the performance of any work shall be placed where the Superintendent may direct, and all rubbish and surplus earth shall be removed when, and to where, and in such manner as the Superintendent may order. Otherwise, the obstructions will be removed, and the expense charged to the monument dealer.
